VARRO

Artist's Bio

Linda Varro is a self taught artist who has combined her love of vintage memorabilia and sparkling jewels with a keen sense of functional artistry to create her one of a kind Fantasy Mirrors.

Each signed piece is a thematic compilation, which could include period eyewear, handpainted porcelain, and even vintage motorcycle hardware. "Bubblegum Butch Up", "Cupid's Closet" and "Pearl Jam" are some of her pieces purchased by collectors from around the world.

As well as her signature mirrors, Linda Varro has been creating opulent jewelry boxes, candelabra and elaborate chandeliers (martini glasses and swizzle sticks ... demitasse cups and teapots ... even vintage egg cups and ceramic chickens!).

Linda Varro's collectible artwork is truly "one of a kind"!
